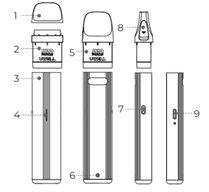
1. Produktvorstellung



1. Mundstück
2. Pod
3. Gerät
4. Kontrollleuchte
5. Kartusche
6. Schraube
7. Luftstrom-Einstellventil
8. Einfüllverschluss
9. USB-Typ-C-Ladeanschluss

2. Produktspezifikationen

Materialien	Aluminiumlegierung, PC, PCTG
Abmessungen	14 × 24.1 × 117 mm (INT)
	14 × 24.1 × 114.24 mm (TPD)
Nettogewicht	ca. 46.5 g
E-Liquid-Kapazität	2,0 ml/3,0 ml
Maximale Ausgangsleistung	35W
Kartuschenspezifikationen	0.4/0.6/0.9/1.2 Ω
Akkukapazität	1100 mAh

3. Schnellstartanleitung

1. Entfernen Sie die Kartusche und ziehen Sie die Isolierfolie von der Unterseite ab.
2. Öffnen Sie den Einfüllverschluss oder heben Sie das Mundstück an und befüllen Sie die Kartusche mit E-Liquid. Setzen Sie die Kartusche anschließend in das Gerät ein und lassen Sie sie 10 Minuten ruhen.
3. Ziehen Sie am Mundstück, um zu dampfen.

4. Befüllen der Kartusche

Vorsichtsmaßnahmen:

a. Führen Sie die Spitze der E-Liquid-Flasche vor dem Befüllen vollständig in die Einfüllöffnung ein.
b. Schließen Sie den Einfüllverschluss oder das Mundstück sofort nach dem Befüllen, um Auslaufen zu verhindern.
c. Füllen Sie die Kartusche nach, wenn der Flüssigkeitsstand unter die MIN-Markierung fällt.
d. Lassen Sie eine neue Kartusche nach dem Befüllen 10 Minuten ruhen, damit der Verdampferkopf das E-Liquid vollständig aufnehmen kann.

5. Dampfen

Das Gerät wird durch Ziehen aktiviert. Ziehen Sie einfach am Mundstück, um zu dampfen. Die Kontrollleuchte leuchtet grün bei hohem Akkustand, blau bei mittlerem und rot bei niedrigem Akkustand.

6. Schutz bei niedrigem Akkustand

Wenn der Akku leer ist, blinkt die rote Kontrollleuchte 10-mal und das Gerät stellt den Betrieb ein.

7. Zeitüberschreitungsschutz

Wenn ein einzelner Zug länger als 6 Sekunden dauert, blinkt die grüne Kontrollleuchte 5-mal.

8. Kurzschlussschutz

Wird ein Kurzschluss erkannt, blinkt die rote Kontrollleuchte 3-mal.

9. Leerlaufschutz

Wenn keine Kartusche oder kein Verdampferkopf erkannt wird, blinkt die blaue Kontrollleuchte 3-mal.

10. Kartuschen-Verbindungsanzeige

Beim Einsetzen der Kartusche leuchtet die Kontrollleuchte entsprechend dem Akkustand. Beim Entfernen blinkt die blaue Kontrollleuchte zweimal.

11. Laden

Beim Anschluss eines Typ-C-Ladekabels pulsiert die Kontrollleuchte entsprechend dem Akkustand. Nach vollständiger Aufladung leuchtet die grüne Kontrollleuchte dauerhaft.

12. Anleitung zum Entfernen des Akkus

① Schraube lösen.
② Basis entfernen.
③ Lasche greifen und Akkupack herausziehen.
④ Steckverbinder trennen und Akkupack austauschen.

Hinweise

1. Verwenden Sie ein zertifiziertes 5V/1A-Netzteil und ein USB-Kabel zum Laden.
2. Entfernen Sie bei Flugreisen die Kartusche und packen Sie sie getrennt.
3. Vermeiden Sie hohe Temperaturen, brennbare/explosive Stoffe, Wasser und Feuchtigkeit. Laden Sie das Gerät mindestens einmal pro Monat auf.
4. Verwenden Sie das Gerät nicht in einer Umgebung mit starker statischer Elektrizität.

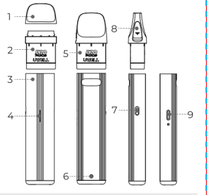
1. Product Introduction



1. Mouthpiece
2. Cartridge
3. Device
4. Indicator light
5. Cartridge
6. Screw
7. Airflow adjustment valve
8. Fill plug
9. USB Type-C Charging Port

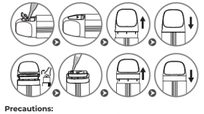
2. Product Specifications

Materials	Aluminum Alloy, PC, PCTG
Dimensions	14 × 24.1 × 117 mm (INT)
	14 × 24.1 × 114.24 mm (TPD)
Net Weight	Approximately 46.5 g
E-liquid Capacity	2.0 ml/3.0 ml
Maximum Output Power	35W
Cartridge Specifications	0.4/0.6/0.9/1.2Ω
Battery Capacity	1100 mAh

3. Quick Start Guide

1. Remove the cartridge and peel off the insulating film from the bottom.
2. Open the fill plug or lift the mouthpiece, then fill the cartridge with e-liquid. After filling, insert the cartridge into the device and allow it to sit for 10 minutes.
3. Inhale through the mouthpiece to vape.

4. Filling the Cartridge



Precautions:

a. Insert the e-liquid bottle nozzle fully into the fill port before filling.
b. Close the fill plug or mouthpiece immediately after filling to help prevent leakage.
c. Refill the cartridge when the e-liquid level falls below the "MIN" mark.
d. When using a new cartridge for the first time, allow it to sit for 10 minutes after filling so the coil can fully absorb the e-liquid. This helps prevent dry hits and damage to the coil.

5. Vaping

The device is draw-activated. Simply inhale through the mouthpiece to vape. The indicator light will illuminate in the color corresponding to the current battery level. The light displays green when the battery level is high, displays blue when the battery level is medium, and displays red when the battery level is low.

6. Low-Battery Protection

When the device runs out of power, the red indicator light will flash 10 times and the device will stop firing.

7. Timeout Protection

If a single puff exceeds 6 seconds, the green indicator light will flash 5 times.

8. Short-Circuit Protection

If a short circuit is detected, the red indicator light will flash 3 times.

9. Open-Circuit Protection

If no cartridge or coil is detected, the blue indicator light will flash 3 times.

10. Cartridge Connection Indicator

When the cartridge is inserted, the indicator light will illuminate in the color corresponding to the current battery level. When the cartridge is removed, the blue indicator light will flash twice.

11. Charging

When a Type-C charging cable is connected, the indicator light will pulse in the color corresponding to the current battery level. Once fully charged, the green light will remain on.

12. Battery Removal Instructions

① Unscrew the screw.
② Remove the base.
③ Grip the pull tab and pull out the battery pack.
④ Disconnect the male connector and replace the battery pack.

Warm Tips

1. Please use a high-quality power adapter (5V/1A) and USB cable that have passed safety certification for charging.
2. If you carry this product on a plane, please remove the cartridge from the device and pack it separately to prevent leakage due to changes in aircraft pressure.
3. Avoid high temperature, flammable and explosive articles, low temperature, water, and humid environment during use and storage. Do not store it with hard objects during transportation to prevent damage to the device. It is recommended to charge the device at least once a month to extend its life time.
4. Do not use this device in a strong static electricity environment.

WARNING

The new FDA regulations apply to the sales and distribution of all E-cig products.

1. Do not give away free samples.
2. It is prohibited to sell all types of E-cig products to people under the age of 21.
3. It is prohibited to sell all types of E-cig products in vending machines except those specified by laws and regulations.
4. It is prohibited to introduce products with "light", "low", "mild", or other similar descriptions in labels or advertisements into interstate trade.
5. It is strictly forbidden to be used by young children, pregnant women, and women during breastfeeding or patients with heart disease, hypertension, diabetes, depression, and asthma. Keep the product out of the reach of children, non-smokers, and animals.
6. Please do not drink it.
7. It may contain nicotine, which is known to be a highly addictive substance.
8. Swallowing or skin contact with this product may cause intoxication.
9. Please keep away from flammables and explosives when using or charging to avoid hazards.
10. Do not disassemble the product. The company won't be responsible for any product damage or personal injury caused by the improper operation.
11. Please consult your local vape shop or contact us through aftersales@myuwell.com if you need help using the product.

WARNING

1. This product is only for people who have reachedthe legal smoking age. It is strictly forbidden to be used by young children, pregnant women, and women during breastfeeding or patients with heart disease, hypertension, diabetes, depression, and asthma. Keep the product out of the reach of children, non-smokers, and animals.
2. This product is suitable for various concentrations of e-liquid. If you directly contact e-liquid when using this product, please clean your hands and forearms thoroughly. If your eyes directly contact the e-liquid, please rinse your eyes with clean water and seek medical attention immediately. If you swallow the e-liquid, rinse your mouth and seek medical attention immediately. Please take the liquid container or label with you when you seek medical attention.
3. The product may contain nicotine, which is known to be a highly addictive substance.
4. Please keep away from flammables and explosives when using or charging to avoid hazards.

This product is in compliance with the following:

- Electromagnetic Compatibility Directive 2014/30/EU
- Restriction of Hazardous Substances Directive 2011/65/EU
- The Tobacco Products Directive (2014/40/EU)

Battery Recycling:

The product's battery should be collected and sent to related recycling center.
This product complies with TPD and MHRA. For any questions about TPD and MHRA, please check the ECID number on the following website:
https://cms.mhra.gov.uk/ecig?f%5B0%5D=ecig_brand_taxonomy_term_name%3AUWELL&page=0

Product Verification

- Visit UWELL's official website www.myuwell.com to verify under the SUPPORT navigation bar.
- Please scan the QR code on the package with your phone camera to verify. The result will be displayed on the page.
- Or you can enter the 16-bit anti-counterfeit code on the surface of the user manual into the input box, and the result will be displayed within seconds.

Attention:

Please keep your package and the warranty card.

Warranty Period

180 days from the purchasing date.

Warranty Parts

Device and atomizer only. Coil and pod are excluded.

Warranty Service Excluded Conditions

1. Expiration of warranty period.
2. Damage caused by failure to use, maintain and keep the product according to the requirements of the product instructions.
3. Damage caused by maintenance service personnel non-authorized by UWELL.
4. Damage caused by using inferior accessories of other brands.
5. Damage caused by the force majeure.

Warranty Service Guide

1. You can ask the shop you purchased your vaping device for the warranty service.
2. You can visit www.myuwell.com and ask for warranty service under the SUPPORT navigation bar.
3. You can contact us through aftersales@myuwell.com if you have any questions.

Please use your phone camera to scan the QR code for further information.
